RESERVE OFFICERS' TRAINING CORPS

UNIVERSITY OF UTAH

D 101.2:

ARMY ROTC AT THE UNIVERSITY OF UTAH

In today's highly competitive job market, you'll find that employers want more than a good education. They want someone who has the interpersonal skills of a manager and the ability to handle responsibility and make decisions. Army ROTC at the "U" adds leadership training and management experience to your academic education while preparing you to become both an Army officer and a college graduate.

CURRICULUM

Basic courses in map reading, history, management and leadership count for academic credit and are offered with no obligation on your part. Advanced courses refine skills and abilities and include a paid six-week summer camp between your junior and senior years. The curriculum is designed to be exciting, educational and flexible enough to meet scholastic requirements while helping to accomplish your academic and personal goals.

EXTRACURRICULAR ACTIVITIES

Military science students at the "U" participate in a wide variety of activities including rappelling, white water rafting, cross-country skiing, and marksmanship training. Students may qualify for membership in the Ranger Challenge Team, Rifle Team and the "Scabbard and Blade" honor society. Numerous social activities, from casual events to the annual Military Ball, are also available.

FINANCIAL AID

Students have an opportunity each year to compete for scholarships that pay tuition, a flat rate for books and fees and $100 per academic month for two, three or even four years. All students enrolled in the advanced course receive $100 per academic month during the last two years of the program. You may even qualify to join the Army Reserve or National Guard while enrolled in Army ROTC and receive additional pay as an E-5 officer trainee.

VETERANS

If you're a veteran, you may use your military experience for advanced placement credit and take full advantage of your veteran's benefits in addition to Army ROTC's financial aid.
